# INSPIRATION

*Life itself is a test  
Hardly an easy feat  
In comparison I'm sure  
Your exams are easier to beat  
Life is the biggest challenge  
Every day to face  
There might be a few  
Obstacles in the race  
I wish you good luck  
In acing this exam, and more  
I wish that in everything  
You rise above and soar...*

**Hon. Shri Babandada V. Shinde**  
Trustee

Education is a process by which character is formed, strength of mind is increased, and intellect is sharpened, as a result of which one can stand on one's own feet.

We live in complex world that is changing at an unprecedented pace. Preparing rural children to succeed in this challenging environment demands a flexible, real and value based approach to education. Indeed, it requires a dynamic school that can turn learning into a life-long journey of enquiry and discovery, culminating in knowledge that

matters.

We started Aarya Public School with this insight....

Opportunities and exposure is ample in metros and cities but the real India that lives in villages is still striving to meet its basic necessities. Education, being one of the fundamental requirements is not being given much attention in these segments. Hence we have embraced this challenge. With your best wishes we aim to develop it to the core...

Welcome to APS Family...

# THE TRUST FACTOR

Mr. Ranjit B. Shinde  
Mrs. Pranita R. Shinde

## QUALITY POLICY

Ascertain the involvement of all stakeholders in the smooth functioning of the school.

Achieve and maintain distinct merit in Curricular, co-curricular and extra-curricular activities.

Continuous Assessment of students and facilitators.

Train the facilitators on subject knowhow and pedagogy to enhance competencies.

Implement novel practices for improvisation of existing processes.

## VISION

Foster learned, confident and conscious children, individually set to realize their diverse and distinct potential & successfully apply their learning to the real world.

Imbibing excellence in academic learning processes through continuous comprehensive evaluation.

Incorporating research approach through projects, seminars, workshops etc.

Instigating holistic development of learners and equip them with relevant skills through co-curricular and extra-curricular participation.

Instilling core values of sportsmanship, national integration and global citizenship.

Implement novel practices for improvisation of existing processes.

## OBJECTIVES

## MISSION

Provide quality education & build skilled manpower via interactive learning attitude.

Encourage scientific attitude to promulgate creativity and innovation.

Enhance the employability quotient and aim for holistic development.

Promote social duties and responsibilities and serve the society comprehensively.

"Intelligence plus character-that is the goal of true education", very rightly stated by Martin Luther King, Jr.

With the three fold Mantra of attaining excellence in Academics, Values and Life Skills we welcome you to Arya Public School... (APS).

The fate of any country depends fully on the education of its people. Basic education is viewed worldwide as human right. For this reason 'The Right of Children to Free and Compulsory Education Act, 2009' came into picture. All educational innovations require strong community support & participation. We use people's acceptance and participation as an indicator for measuring the progress of the

various programmes at APS. Therefore to spread awareness among the rural people about the need and significance of education more efforts have to be taken.

Functions of education include imparting social change, improving individual social position and standard of living, activating participation in academic and cultural development, increasing critical abilities of learners to diagnose their needs, assert their rights, and take greater control of decisions affecting their lives, providing trained facilitators in rural areas, linking rural and urban sectors and developing leadership are the key factors that we undertake at APS...

We assure a great start for a right career...

## AN INNOVATION IN MAKING

teachers and equally dedicated non teaching staff. The staff is selected through a strenuous procedure by experts and they are on a continuous learning program being conducted after school hours. Along with learners the teachers too are under continuous assessment by the authorities.

The Admin dept. monitors our support stalwarts. They keep the school clean, neat & tidy adding value to the life skills.

School is the foundation of a child's future and teachers are the architects of this foundation. They do not only impart knowledge but also play a pivotal role in molding a child. They are guides, mentors and counselors of our students.

APS has experienced and well-trained teachers, Mother Teachers, Visiting

# STATE-OF-THE-ART

- **Classrooms** - with Interactive projectors
- **Playground** - for all types of sports and games
- **Laboratories** - From Science to Computers
- **Library** - a place to Ponder and let your thoughts outbound
- **Bus Facility** - a journey of safety
- **RO Drinking water** - keeps you healthy
- **Well maintained washrooms** - avoids health problems
- **Open air Amphitheatre** - a platform meant to enjoy and entertain

# LEARNING METHODOLOGY

The teaching-learning environment is positive, inclusive, and stimulating. It is in the line & instruction of the Central Board and is developed as the most innovative child-centric classroom teaching methods. APS has implemented NCERT pattern to offer integrated Central Board curriculum through computer-aided solutions and access world-class education.

Our in-class technology equips the teachers to arrange various digital resources to understand the aptitude of each child and cater individual needs, be it slow or fast learners.

Our assessments & evaluation helps the teachers to judge and evaluate the true levels of learning. The process also results in the self-improvement of teaching towards efficiency.

# HANDS ON

Our pedagogy includes Activity based learning...

Abacus, Group Discussions, Worksheets, Inductive Method, Problem Solving, E-learning, Case Studies, Brainstorming, Role-plays, Skits, Excursions, Visits, Trips, Field Training etc...

# REFLECTIONS

Students learn to handle various apparatus and think independently in the laboratory, hence it is considered to be one of an important place in the School.

When students carry out various kinds of experiments, they draw conclusions from their studies, which raise their level of self- confidence and develop scientific attitude among them.

If students get information or knowledge by playing active role in learning process then they gets permanent kind of information, this is why practical work is considered to be more important for the students.

# PROJECTS

Various projects undertaken by students and teachers are - Science Exhibition, Arts and Craft Gallery, Scholastic & Co- Scholastic, Scrap Bank, Seed Bank...

# PLATFORMS

- Develop apt communication styles
- Learning Time management and Leadership
- Manage change effectively
- Getting involved in diverse interests
- Learning about long term commitments
- Making a contribution
- Raising self Esteem
- Building Inter Personal Relationship Skills
- Stroke oneself with varied shades
- Developed Personality through Mentoring
- Practice Indianism to its core
- Developing Team Dynamics

Quizzes, Debates, Speeches, Extempore, Event Management, Elocutions, Presentations, Seminars, Role plays, Skits, etc...

# PERFORMANCE

Continuous Comprehensive Evaluation (CCE) helps in improving learner's performance by identifying the learning difficulties at regular intervals right from the beginning of the academic year and employing suitable remedies for enhancing their learning performances....

We allow our students to

make mistakes... this is how they learn from their experiences... Of course, we assess them as per the rubrics set by the authorities. Some factors involved in CCE are - Exams, assignments, classroom assessment, concepts tests, group work, presentations, seminars etc...

*"Yes,  
I Can"*

# TECHNOLOGY

The entire campus has a 24x7 internet connection. A fully automated Student Management System and Video Conferencing facility is also planned so that the students and teachers can connect with their age groups across the world.

At APS, we realize we can't predict the future of students but we can provide the technologies that will help them shape it for themselves.

**Smart classes :** Teaching through the latest pedagogy, is the on-going motto of the School. All the

teachers are trained to teach through smart class, to make teaching enjoyable and refreshing. We have an innovative comprehensive solution designed to the specific curriculum guidelines for use in class. Computer aided learning system is introduced from Pre-primary to Std. 10.

**School Net :** In school net, the children can navigate the information highway, they can enjoy a real kind of freedom that we never dreamed, could exist.

# EXPRESSIONS

Activities help the students to learn and practice skills that will help them express themselves with their individuality. To nurture the talent of each learner, the school has made extensive arrangements that enable the students to learn different

arts, crafts, music and dance.

The school provides a rich variety of activities namely Arts club, Music club, Dance club, Karate and Boxing classes for meaningful engagement depending on their needs and interests.

Along with academic development it is prominent to concentrate on Health and Fitness of the students. We offer a wide range of sports and games as per the students choice and capabilities.

Meditation, Yoga, Drill, are practised religiously. We celebrate Sports Week to enhance this endeavour & organize health camps.

# SPORTS
